

# WorldSkills Jamaica & Studica Robotics

INVITATIONAL TRAINING CAMP 2026

*Final Call on the Road to Shanghai*

# Event Overview

The WorldSkills Jamaica & Studica Robotics Invitational Training Camp 2026 for **Unmanned Aerial Systems** and **Autonomous Mobile Robotics** is an immersive, high-impact training and competition experience designed to prepare participants for excellence in advanced robotics and emerging technologies. This camp brings together innovation, hands-on learning, and international standards aligned to the WorldSkills Competition 2026 in China.

Participants will benefit from specialist-led instruction, practical testing, and competitive exposure to two future-focused skills shaping the global workforce.

## **Dates & Duration**

Arrival: Sunday, June 7, 2026

Departure: Saturday, 13 2026

Duration: 6 nights / 7 days

## **Accommodation Venue**

Cardiff Hotel & Spa

St. Ann, Jamaica

Website: [www.cardiffhotel.com](http://www.cardiffhotel.com)

# Official Skills

## 1. **Autonomous Mobile Robotics**

*WorldSkills Competition Advantage:*

- Directly aligned to WorldSkills Autonomous Mobile Robotics standards
- Strengthens competitors' readiness for international benchmarks and time-based challenges

## 2. **Unmanned Aerial Systems**

*WorldSkills Competition Advantage:*

- Aligned with WorldSkills Unmanned Aerial Systems skill area
- Enhances precision, operational planning, and technical compliance required for global competition
